CLASS OF 1910

Ten High School Graduates Win
Honors Through Earnest
Endeavor

IMMENSE AUDIENCE PRESENT

Second Annual Commencement at
New High School a Brilliant
and Notable Affair

"Well done. Your efforts are crowned with
deserved success!"

Such is the message of indorsement the
Maysville people last night gave Superintendent
Bradner, the ten graduates of the Mays-
ville High School, Class of 1910, our progres-
sive Board of Education and all who helped
round out in a blaze of beauty, flowers and
music the mental labors of the past school
year.

The beautiful Auditorium was packed to
the walls with an audience of a thousand per-
sons and many more were eager to be present
had there been room. It is safe to say that

AYER'S HAIR VIGOR

Ingredients: Sulphur, Glycerin, Quinine, Sodium Chloride. Show this to your doctor.
Ayer's Hair Vigor promptly destroys the germs
that cause falling hair. It nourishes the hair-
follicles, restores them to health. The hair stops
falling out, grows more rapidly.

Does not Color the Hair

the second "Commencement" in Maysville's
handsome new High School Building was in
every way the most notable graduation affair
ever held in our county.

Last night, as never before, our citizens
saw the fruits of the money spent for higher
education in Maysville and witnessed the tri-
umph of ten boys and girls, five of each, who
in cap and gown covered themselves with
glory and wore their laurels of victory honestly
and wore them easy and with becoming pride
and honor.

The interesting program as given below was
carried out to the letter and without the least
omission, except that Judge C. D. Newell,
Class of '76, who was to deliver the Alumni
Address, was unable, on account of official
duties, to be present, and thus this important
part of the program was necessarily omitted.

However, Superintendent
Bradner, in announc-
ing the above fact and re-
gretting the omission of
the Alumni Address, him-
self delivered a timely and
earnest address on the
past conduct of the
schools of Maysville, the
present status and the
hopes of the future. Mr.
Bradner, always very em-
phatic but pleasing in his arguments and de-

livery, dwelt last night especially upon what
part and effect WORK has upon the scholar.

He said that while Maysville had a school
population of more than 1,600 and a school
enrollment of over 1,000 pupils, yet there
were only ten graduates this year. Never-
theless he complimented Maysville school patrons
and the Board of Education, which now work
so enthusiastically and harmoniously together
in the concrete formation of our beautiful and
substantial school buildings and our splendid
system, methods and equipment, which are
now recognized as among the best in the coun-
try.

Maysville must engrave on her progressive
shield: "Higher and Higher and Yet Higher"

As usual, THE LEDGER's limited space only
prevents us from giving last night's beautiful
program in all its long, but most intensely
charming and interesting details. It is now
enough to say that the exercises could not
have been excelled. All the ten graduates
were "cool, calm and collected," while their
orations and essays sparkled with wit, were
clothed in elegant diction and delivered in
maidenly and manly style.

Principal True, in a brief and happy manner,
delivered the scholarship to the University of
Virginia to Mr. James Harvey Sallee, first
honor graduate, while the scholarship to the
Kentucky State University was given to the
second honor graduate, Mr. Henry Neal Marsh.

President Browning of the Board of Educa-
tion then, in a few words of eloquent advice
and commendation, delivered the diplomas to
the graduates, and after the benediction the
happy gathering was dismissed.

The Commencement was followed by a bril-
liant ball in the Auditorium, the music for
both occasion being by Weber.

Deafness Cannot be Cured

by local applications, as they cannot reach the dis-
eased portion of the ear. There is only one way to
cure deafness and that is by constitutional reme-
dies. Deafness is caused by an inflamed condi-
tion of the mucous lining of the Eustachian tube.
When this tube is inflamed you have a rumbling
sound or imperfect hearing, and when it is entirely
closed, deafness is the result, and unless the in-
flammation can be taken out and this tube re-
stored to its normal condition, hearing will be
destroyed forever; nine cases out of ten are caused
by Catarrh, which is nothing but an inflamed
condition of the mucous surfaces.

We will give One Hundred Dollars for any case
of deafness (caused by catarrh) that cannot be
cured by Hall's Catarrh Cure. Send for circulars

Cartmell extracts teeth without pain.

Rev. R. E. Moss of Murfreesboro, Tenn., former Pastor of the Christian Church, this city, arrived here last evening from Bellevue, Ky., where he delivered the Baccalaureate Sermon Sunday night to the graduates of the High School of that city, of which Prof. W. P. King is Principal. He is receiving a warm and cordial welcome from his old parishioners and friends in general, who were great admirers of the forceful young Minister during his Pastorate here. He notes many changes in the betterment of the general appearance of the city, as well as the absence of familiar faces who have answered the last roll call since his Pastorate here five years ago. He is well satisfied with his present charge and his work. He leaves for home this afternoon.

MIGHT HAVE BEEN MORE SERIOUS

Yesterday evening in descending the steep grade on the Lexington pike, and when near the spring at the forks of the road in West Fourth street, a touring car containing Mr. and Mrs. Roy Crocker, Mr. and Mrs. J. W. Hambrick and Miss Martin of Huntington, W. Va., was discovered on fire. There was a scrambling and screaming of the female portion of the party until the cab was emptied of its precious freight. Henry Fields, colored, who resides nearby, came to the aid of the imperiled car and with several buckets of water extinguished what threatened to be a costly fire.

Doan's Kidney Pills were at length recommended to me and I procured a box. I am glad to say that they strengthened my kidneys and benefited in every way."

At Last the Weather Encourages Us to Call Your Attention to Our Light-Weight CLOTHING!

The most popular hot weather suits that have yet been brought out, is the "Priestley imported cravenetted water-proof mohair coats and pants." These garments are cut and made equal to the finest custom work.

WE ARE EXTREMELY ANXIOUS TO HAVE YOU
LOOK AT THEM.

The blue serge suits that we reduced to \$20 may be properly termed the suit de-luxe. We show quite a variety of hot weather coats in black, grey and dark mixtures, just the garment for street and office wear.

Our Shirt, underwear and men's hose departments are now at their very best. Few houses in the State make the showing of gentlemen's furnishings that we do.

Whether you own an automobile or not you will want one of our motor dusters or zephyr weight water-resisting coats. We have already sold hundreds of them.

Of course you know we guarantee every pair of shoes to give reasonable satisfaction; we sell the kind that justifies it.

Should we forget to give you tickets with your purchases on our Victrola, don't hesitate to ask for them.

JUMPER SILKS!

The silk jumper is the most useful gown in one's wardrobe. It saves laundry bills, it's cool, it's dressy—and it's cheap, as you can buy here the prettiest silks imaginable for 29c and 39c yard. We are also offering a choice quality of Rajah Silk for 75c yard. It is a regular \$1 value, is 27 inches wide and every thread pure silk.

Muslin Petticoats

One of the inevitable results of underwear selling is an accumulation of pieces, slightly soiled from handling and from use in store decoration. No one is willing to pay the same price they would for fresh garments so we've put hurry-out prices on some petticoats that will certainly interest women who love a bargain.

No man in the United States by reason of character and ability stands higher than Governor HUGHES of New York. Recently he made an address at the banquet at the Merchants' Exchange in New Rochelle. Among other things he said:

"I am a Republican, strongly attached to my party, and earnest in the desire for Republican success. But I cherish a concern deeper and more vital than that. I want to see the illicit efforts of privilege frustrated, bribery and corrupt arrangements destroyed and the market place where governmental favor has been bought and sold converted into true assemblies of honest representatives of the people."

Grocers, dry goods merchants and property owners in Kentucky are protected now with the 10% exemption law, which went into effect Tuesday midnight. This law provides that 90% of wages are exempt up to \$50, and that all over \$45 goes to the payment of debts. The cost in case of garnishment goes on the person losing the suit. The law is known as the retail grocers' bill.

Mr. J. E. Richards and Miss Zadie A. McCord, both of Fleming county, were granted marriage license yesterday by County Clerk W. P. Dickson.

WHERE SURGERY FAILS

CUTTING WON'T REMOVE THE CAUSE OF PILES

Piles mean more than merely the pain of the stubborn little tumors. There is a condition inside that must be dealt with. Cutting is usually followed with later and worse attacks. A permanent cure can only be made by bettering the condition of the parts and getting a free circulation of the blood. Hem-Roid cures all kinds of piles by internal action right on the cause. Sold by J. James Wood & Son, Maysville, Ky., and money back if it fails. \$1 per bottle. Dr. Leonardt, Station B, Buffalo, N. Y.

THE main difference between LINCOLN and the statesmen of today seems to be that LINCOLN was a rail-splitter, while the latter are hair-splitters.

THE Administration of President TAFT has not been spectacular, but it has been progressive. The only people it doesn't appeal to are those who like a circus.—Baltimore American.

ANTHRACITE coal is on the free the list, duty on sugar is greatly reduced, yet both these commodities are high in price. That cannot be blamed on the Tariff.—St. Paul (Minn.) Times.

FIGURED IT OUT.

The Human Grouch was being taken to task by the Spreader of Good Cheer.

"It doesn't cost anything to speak a good word every now and then," remarked the S. G. C. "Takes only four seconds of your time to say, 'You are doing well,' but it does a lot of good."

"Step lively and vibrate your vocal cords rapidly, please," retorted the Human Grouch. "Four seconds of my time are worth exactly \$4, and every day is my busy day."

DOG CATCHERS

If your pet canine came up missing last night it is more than likely that you can reclaim him today by calling at the city yards in East Second street extension and identifying the worthless cur, thence a visit to Mayor Lee's office in Court, and by liquidating your property in paying the dog tax, otherwise, in a reasonable time, he will be chloroformed and sent to the happy dog land.

The city has been overrun here of late with an army of dogs of all kinds and descriptions, and not a single one with a tax-paid tag and collar around his neck, as the law provides. In order to thin out and obliterate the dog nuisance two men and a carriage were employed yesterday in catching and impounding all stray dogs found on the streets. Up to 4 o'clock the dog catchers reported thirty strays taken in and today the good work will be vigorously carried on.

There were sixteen owners who paid dog tax yesterday, more than has been taken in at the office for some time.

Dog days will soon be here and the hydrophobia scare will be on in earnest, and perhaps it is best to get rid of as many as possible.
